Q-SCAPE

DIRECT BURIAL POWER SYSTEM

QTL's Direct Burial solutions have set the standard in landscape, pool, spa, and low-voltage lighting. Designed for both indoor and outdoor use, these versatile, energy-efficient systems have proven their durability, surviving natural disasters, including floods and wildfires.

Backed by multiple awards, QTL offers lighting solutions that ensure safety, reliability, and uncompromised performance. Illuminate every project with the proven resilience and trusted quality of QTL.

At QTL, enlightened thinking isn't just a philosophy; it's our legacy—one that has consistently garnered industry accolades. From the start of our company over 30 years ago, we relentlessly pursued innovation and continual improvement. These principles drive our development to this day and ensure our significant role in advancing the frontier of the lighting industry.

FROM POWER TO LIGHT:

See how the Q-SCAPE direct burial system pairs with our encapsulated linear and landscape fixtures to create a complete system.

Q-WIRE
Outdoor, underground, and marine grade rated wire.

Q-TRIX
Direct burial junction box and/or power supply enclosure.

Q-HEX
Fully epoxied 10 to 300 watt power supplies designed to work with Q-TRIX enclosures.

Q-VAULT
IP68 direct burial power supply enclosure with exceptional durability.

Q-SET
Fully epoxied 30 to 900 watt cartridge style power supply designed to work with Q-VAULT enclosures.

Q-CLIKS & INSERTS
Water tight threaded fittings for QTL direct burial enclosures.

Q-VAULT + Q-SET

Q-VAULT
IP68 WET-LISTED DIRECT BURIAL
TRANSFORMER/POWER SUPPLY CENTER

The industry's only IP68 wet-listed direct burial transformer/power supply center, and winner of the 2008 LightFair Innovation Award. The Q-VAULT offers design freedom by allowing burial in dirt or concrete.

Q-SET
AC & DC POWER SUPPLY - 30W-900W

For the first time, a power supply has received not one but three NRTL listings: landscape lighting systems, pool and spa lighting system, and low voltage lighting systems. All Q-SETS are fully potted for additional environmental protection and designed to work with Q-VAULT-5.

Q-TRIX + Q-HEX

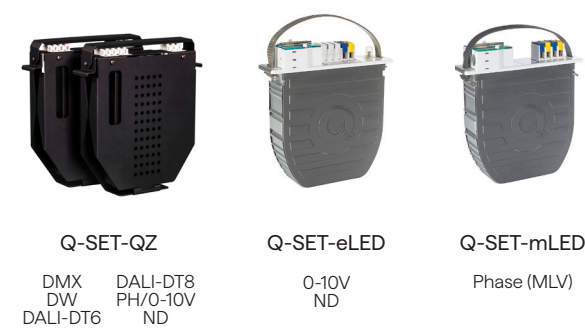

Q-TRIX
DIRECT BURIAL POWER SUPPLY ENCLOSURES

Provides ultimate stability and versatility for landscape lighting fixtures. The triangular design acts like a tripod, ensuring a more stable mount compared to single-stake methods.

Q-HEX
AC & DC POWER SUPPLY - 10W-300W

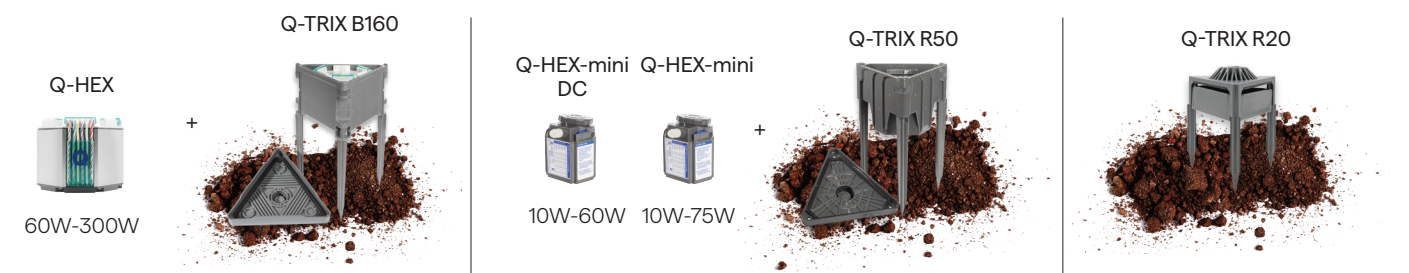

Our compact Q-HEX power supplies are specifically designed to fit into our Q-TRIX direct burial enclosures, and offer output voltages of either 12V or 24V.

DC

AC

Q-SCAPE ACCESSORIES

Q-CLIK & INSERTS

For a secure water-tight seal, QTL developed custom threaded fittings which fit in different knockout sections of our direct burial housing systems.

Q-WIRE

Q-Wire is UF-B, 2 conductor, marine grade, Class 1, NEC-Chapter 3; therefore, it is rated to be placed outdoors, underground or in walls of a single dwelling, residential building.
